Nondual Kabbalistic Healing is a revolutionary path of personal healing and spiritual awakening.

It is a path that reveals the unbroken unity of Reality and in doing so, brings us to wholeness moment-by-moment through kindness and love.

In this workshop, we will discover the Kabbalistic map of the Four Universes and explore what these ancient teachings tell us about our true nature. You will also be guided through the Healing of Immanence, which many people experience as life-changing and a turning point on their spiritual journey.

No prior knowledge of Kabbalah or nonduality is required to participate.

*"Awakening is the birthright of every created being.
What would it feel like if you realised that, from the very beginning,
you were designed to awaken to reality? How would it feel to know that this would definitely
happen in your lifetime, because you were made to accomplish this very thing?"*

-Jinen Jason Shulman
